

Chester le Street Amateur Rowing Club

Regatta Trailer Charges

Version 1 (01/11/16)

Trailer Charges

As a result of our continued success in representing the club at regional, national and international level, we need to revise the charges for transporting boats to events. The following charges will apply with immediate effect:

1. £3 per seat per day to remain in place for all events held within the Northern Region. Northern Region to include the likes of Doncaster, Nithsdale and Bradford.
2. £6 per seat on events held at Nottingham / Strathclyde with a minimum of 20 athletes or £130 per trailer divided between those attending.
3. Events outside of Northern Region. Cost of fuel must be covered by fees. Therefore fuel cost at 40p per mile must be divided by those attending.
4. GB events. The club will assist where possible any athlete who qualifies to compete at national or international event. Those attending will be responsible for 50% of the trailer cost.
5. Hotels payable at discretion of the committee.
6. Coaches attending national events entitled to travel @ 20p per mile and overnight accommodation (This relates to events where BR request the presence of a club coach).
7. Those towing will continue to be paid 40p per mile all claims to be passed to the Treasurer. Carrying boats on the roof of a car will be paid 20p per mile again claims to be passed to the treasurer. However this must be agreed in advance.
