

Chester le Street Amateur Rowing Club

Payment of Regatta Fees

Version 1 (05/06/17)

1. A deposit of £20 per rower is required by the club to enable us to make payment on your behalf. This will be returned on request when you leave the club or decide you do not want to race any more.
2. All race and trailer fees to be paid before the race, preferably by BACS transfer or cheque make payable to Chester le Street Amateur Rowing Club.
3. Please inform your coach as soon as possible if you are not able to race.
4. Any rower scratching a race on the regatta day will still have to pay the race and trailer fees.
5. If you scratch before the day, but after the draw of the regatta, the coach will endeavour to find a replacement rower who will then become responsible for the fee. Crew boats that scratch due to a rower(s) being unable to race, will still need to pay all fees for the original crew unless a substitute(s) is found (50% of crew can be substituted).
6. If a single scratches after the draw then the fee must be paid, as substitution is not allowed.
7. No rower who is in arrears with their race fees will be entered into future events until their account is settled in full. Any hardship issues should be discussed with their coach in confidence.
8. If a regatta is cancelled, the organising club normally issues a partial refund; Please refer to the regatta poster issued by the host club for details.

The above are subject to change in accordance with the regatta rules of the organising host club.
